1.1.1 The Institution ensures effective curriculum planning and delivery through a well-planned and documented process including Academic calendar and conduct of continuous internal Assessment

Response

The college entrenched the Vision and Mission statements through a advisory process involving the internal stakeholders (management, governing body members, faculty, support staff, students, etc.) and external stakeholders (employers, industry, alumni, etc.), considering the scope and growth of the college and future convivial needs.

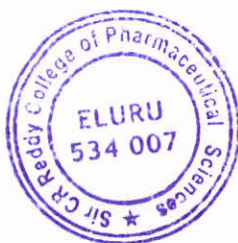

Vision:

To be the leader in pharmacy education, research and training for future academic and practising pharmacists with ultimate goal of providing pharmaceutical education and building competencies to deliver health care services to the society

MISSION:

- ❖ To impart high quality education, training and research in pharmacy and prepare pharmacy professionals to meet the needs of the society.
- ❖ To prepare pharmacy graduates to provide value based patient centred care that improves the public health through excellence in teaching, research, service and practice of pharmacy.

SIRCRRCOPS offers a wide range of courses such as B.Pharmacy, Pharm.D, and M.Pharmacy with three specializations i.e., Pharmaceutical Technology , Pharmaceutical Analysis and Pharmacology. All the courses offered by the institute were developed relevant to local, national and global development needs. The curriculum is framed by Pharmacy Council of India (PCI) and implemented by Andhra University.

Institute encourages the curriculum incorporates experiential learning, participative learning, and active discussions during practical hours. Problem-based learning and thorough case studies, and promote a deeper understanding of the subject contents. This student-centric approach aims to cultivate critical thinking, creativity, and practical skills that will better prepare students for future challenges in their chosen fields.

Educational competence is usually assessed at two levels: internal, periodic assessment in the institution and final examination conducted by the University.

Different forms of assessment followed in the institution include:

- The written examination: This includes free response (Essay and short answer questions)
- The practical examination: Assessment of student's laboratory skills and the practical knowledge is typically carried out in regular practical works and practical examinations.

As per the curriculum and University regulations, the sessional examinations are conducted according to curriculum of B. Pharmacy, M. Pharmacy and Pharm D.
