About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever - increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

About the Department

Pharmacology is the science which deals with effect of drugs. The main objective of pharmacology is to provide scientific data for choosing a drug treatment of proven efficacy and safety from the various options available. A wonderful arena for research oriented students is being provided by the well-equipped laboratories with CPCSEA approved animal house facility in our college. The Pharmacology department is engaged in imparting knowledge on various aspects of preclinical and clinical Pharmacology through proper media.

The department goal is to prepare students for productive and successful careers in pharmaceutical industry, academia, research and public sectors.

About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever - increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

About the Department

The Department of Pharmaceutics was established in 2011 with equipments like Tablet punching machine, Dissolution apparatus, Orbital shaking incubator, 8-Basket dissolution apparatus, Brookfield Viscometer, Hot air Oven, Stability chamber, Disintegration apparatus. The major apparitions for the Department are to inculcate how the me-too active pharmaceutical ingredients can be converted into outcome-oriented as well as patient-friendly end user formulations.

The basic knowledge about pharmaceutical technology and the proper way to get patent for their innovative ideas are the additional unique features of the program blended with the presence of highly-reputed faculty members with vast experience.

About the Programme

- To know about the importance of FDA regulations implementation in industry.
- To learn about different types of quality audits and their benefits in industry.
- To give an idea about conducting robust audit programmes for getting an effective quality systems..

Objective of the Programme

- To learn how to prepare for conducting an audit, achieving closure & how to get the best out of your quality audit system.

About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever - increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

About the Department

Pharmacology is the science which deals with effect of drugs. The main objective of pharmacology is to provide scientific data for choosing a drug treatment of proven efficacy and safety from the various options available. A wonderful arena for research oriented students is being provided by the well-equipped laboratories with CPCSEA approved animal house facility in our college. The Pharmacology department is engaged in imparting knowledge on various aspects of preclinical and clinical Pharmacology through proper media.

The department goal is to prepare students for productive and successful careers in pharmaceutical industry, academia, research and public sectors.

PROGRAMME REPORT

Name of the programme: "A TWO-WEEK CERTIFICATE PROGRAMME
ON ADVANCES IN PHYTOMEDICINE"

Date: 27 / 01 / 2021 to 11 / 02 / 2021

Resource Person: Dr. A Srinivasa Rao,
H.O.D, Department of pharmaceutical chemistry
Shri Vishnu College of Pharmacy.
Bhimavaram.
Phone number: 9912748272
Email ID: drasrs@svcp.edu.in

Name of the Co-ordinator: Mrs. K. Shailaja,
Assistant Professor,
Dept. of Pharmacology.

Number of students attended: 55 (III B. Pharmacy)

Venue: Mini seminar hall (Room no. 33), Sir C R Reddy College Of Pharmaceutical Sciences.

Objectives:

- To prove the effectiveness and safety of herbal medicine by conducting pre-clinical & clinical research.
- To prevent or relieve a number of health concerns, from aging skin & acne to diabetes, high blood pressure & even cancer.
- To save lives and improve health by ensuring the quality, efficacy, and safety of traditional medicines.

Topics covered:

- Drugs from nature: Past achievements & future prospects
- Natural products for high through put screening
- Natural products: a continuing source of inspiration for the medical chemist
- Ethno botanical approach to pharmaceutical drug delivery strengths

Learning outcomes:

- Know the WHO and ICH guidelines for the evaluation of herbal drugs.
- Understand raw material as a source of herbal drugs from cultivation to herbal drug products.
- Know the herbal cosmetics, natural sweeteners, and nutraceuticals.

About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever - increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

About the Department

Pharmacology is the science which deals with effect of drugs. The main objective of pharmacology is to provide scientific data for choosing a drug treatment of proven efficacy and safety from the various options available. A wonderful arena for research oriented students is being provided by the well-equipped laboratories with CPCSEA approved animal house facility in our college. The Pharmacology department is engaged in imparting knowledge on various aspects of preclinical and clinical Pharmacology through proper media.

The department goal is to prepare students for productive and successful careers in pharmaceutical industry, academia, research and public sectors.

About the Programme

- To know about the importance of biological markers in identifying biological targets.
- To learn about various types of markers of fibrosis.
- To acquire the knowledge about the pathogenesis and markers of fibrosis.

Objective of the Programme

- To identify biological targets that can inhibit fibrotic and inflammatory pathways, this is a common challenge in fibrosis therapy.
- To learn about the new assays in markers for the early detection of fibrotic changes'
- To know about the in vitro & in vivo biological evaluation of target markers

Topics to be Covered

- Introduction to pathogenesis of fibrosis
- Cellular and molecular mechanisms of fibrosis
- Etiological factors of fibrosis
- Introduction to biomarkers
- Inflammatory reactions and fibrogenesis
- Targets for fibrotic diseases
- Role of biomarkers in diagnosing fibrosis
- Lead optimization to increase the efficacy and selectivity against the inflammation and fibrosis
- Invitro biological evaluation of target markers
- Pathological analysis, immunohisto chemistry and western blots

PROGRAMME REPORT

Name of the programme: “A TWO WEEK CERTIFICATE PROGRAMME ON RECENT ADVANCES IN PATHOGENESIS AND POTENTIAL BIOMARKERS OF FIBROSIS”

Date: 15 / 02 / 2021 to 27 / 02 / 2021.

Resource Person: Mrs. S Surya prabha,
Assistant professor,
Dept. of Pharmacology,
Lydia college of Pharmacy,
Ravulapalem.
Phone number: 9160688146
Email ID: sadhubehappy@gmail.com

Name of the Co-ordinator: Mrs. K . Shailaja,
Assistant Professor,
Dept. of Pharmacology.

Number of students attended: 56 (II YEAR BPHARM)

Venue: lecture hall – 3 (Room no. 27), Sir C R Reddy College Of Pharmaceutical Sciences

Objectives:

- To identify biological targets that can inhibit fibrotic and inflammatory pathways, this is a common challenge in fibrosis therapy.
- To learn about the new assays in markers for the early detection of fibrotic changes
- To know about the in vitro & in vivo biological evaluation of target markers.

Topics covered:

- Introduction to pathogenesis of fibrosis
- Cellular and molecular mechanisms of fibrosis
- Etiological factors of fibrosis
- Introduction to biomarkers
- Inflammatory reactions and fibrogenesis

Learning outcomes:

- Gained the knowledge about the pathogenesis & markers of fibrosis.
- Knows about the types of markers of fibrosis.
- Knows the importance of computerised tomography (CT) scan in determining the extent of lung damage caused by pulmonary fibrosis.

About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever - increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

About the Department

The goal of the Department of Pharmaceutical Analysis is to concentrate on the creation of analytical techniques employing fresh pairings of tried-and-true techniques and instruments. It entails conducting fundamental research on the composition, stability, identity, and purity of excipients, starting materials, and active pharmaceutical components (API). The department is engaged in post-graduate student instruction and training in analytical sciences related to qualitative and quantitative estimate of natural and synthetic substances in various matrices by application of spectroscopy, chromatography, and analytical procedures

About the Programme

- To know about the importance of regulatory affairs in product management.
- To learn about the implementation of regulatory affairs in the development of a new drug.
- To give an idea about the opportunities in developing a new drug.

Objective of the Programme

- The main objective of regulatory affairs is to get a desired result of drug development by maintaining pharmaceutical law frame is used as guidelines on covering quality, safety and efficacy of a drug.

Topics to be Covered

- Risks in development of new drug
- Types of risk factors
- Mitigation of risk factors
- Opportunities in development of new drug
- Discussion on improving Opportunities in new drug development
- Process of drug approval
- Process of drug approval
- Regulations of drug approval process

About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever - increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

About the Department

The Department of Pharmaceutics was established in 2011 with equipments like Tablet punching machine, Dissolution apparatus, Orbital shaking incubator, 8-Basket dissolution apparatus, Brookfield Viscometer, Hot air Oven, Stability chamber, Disintegration apparatus. The major apparitions for the Department are to inculcate how the me-too active pharmaceutical ingredients can be converted into outcome-oriented as well as patient-friendly end user formulations.

The basic knowledge about pharmaceutical technology and the proper way to get patent for their innovative ideas are the additional unique features of the program blended with the presence of highly-reputed faculty members with vast experience.

About the Programme

- To know about the importance of the importance of stability testing & photo stability testing for new drug substances and dosage forms.
- To learn about objectives and goals of ICH guidelines
- To learn about the time frame for global marketing of newer drugs after approval

Objective of the Programme

- To reduce the cost of research work duplication.
- To reduce time frame for global marketing of newer drugs after approval.
- To maintain & formulate guidelines on quality, safety & efficacy based regulation for consumer and patient benefits.

Topics to be Covered

- Introduction of ICH guidelines & history
- Objectives and goals of ICH guidelines
- Quality guidelines- stability (QIA-QIF)
- Analytical validation Q₂
- Impurities Q₃ A – impurities in new drug products
- Pharmacopoeia Q₄
- Quality of biotechnological products (Q₅)
- Specifications for new drug substances (Q₆)
- Specific test for drug products
- GMP (Q₇)
- Quality risk management (Q₉) Pharmaceutical quality system (Q₁₀)
