## CIRCULAR

This is to inform to all the faculty members that Sir C.R. Reddy College Of Pharmaceutical Sciences is organizing the One Week Faculty Development Program on “**Nano Technology In Health Care**” by Dr.SK.Arifa Begum, Associate professor, Department of Pharmaceutics, Chalapathi Institute of Pharmaceutical Sciences from 17/12/2020 to 23/12/2020 at the seminar hall of Sir C. R. Reddy College Of Pharmaceutical Sciences. All the faculty members are requested to register and attend the program.

## Nano Technology in Health Care

Dates :

15/12/2020 to 23/12/2020

## About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever-increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

## About the Department

The Department of Pharmaceutics was established in 2011 with equipments like Tablet punching machine, Dissolution apparatus, Orbital shaking incubator, 8-Basket dissolution apparatus, Brookfield Viscometer, Hot air Oven, Stability chamber, Disintegration apparatus. The major apparatuses for the Department are to inculcate how the me-too active pharmaceutical ingredients can be converted into outcome-oriented as well as patient-friendly end user formulations.

The basic knowledge about pharmaceutical technology and the proper way to get patent for their innovative ideas are the additional unique features of the program blended with the presence of highly-reputed faculty members with vast experience.

## About the Programme

Dive into the realm of "Nano Technology in Health Care" through our Faculty Development Program. Navigate the frontiers of nanotechnology's role in medical progress, led by seasoned specialists. Investigate nanoparticles, drug delivery systems, and breakthrough diagnostics. Enhance your comprehension of the dynamic fusion between nanotechnology and healthcare. The program fosters expertise and innovation in harnessing nanotechnology's potential for revolutionary advancements in healthcare. Enroll for a week of immersive learning, collaborative exploration, and skill augmentation in this rapidly advancing domain.

## Objective of the Programme

Sir C. R. Reddy College of Pharmaceutical Sciences organized one week faculty Development Program on "Nano Technology in Health Care" to achieve following objectives

- To impart knowledge and skills necessary to train the faculty in the area of Nano technology
- To promote research innovation through applications of Nano biotechnology
- To address critical issues in the area of health care.

## Topics to be Covered

- Nano micelles for effective drug delivery to cancer cells
- Nanotech detectors for heart attack
- Nano pores in DNA sequencing
- Nano carriers in eye surgery
- Nano flares in detection of cancer cells
- Nano sponges as toxin removers

**Programme outcomes:**

Sir C.R.Reddy College of Pharmaceutical Sciences has successfully organised a One Week Faculty Development Program on "Nano Technology in Health Care".

- This programme helped in gaining better understanding of nanotechnology
- Created awareness on the wide spread applications in the field of medical sciences
- Enlightened opportunities and Challenges for Nano technology based systems.

### About the Institute

Sir C.R.Reddy College of pharmaceutical sciences was established in 2007 to prepare graduates in pharmacy to meet their ever - increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The college is PCI and AICTE approved. The objectives of the college are to establish and maintain an outstanding professional education programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health, to conduct outstanding research and service programmes to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines. SIRCRRCOPS runs the UG and PG courses like B. Pharm established in 2007 with 60 seats, Pharm. D established in 2014 with 30 seats and M. Pharm established in 2011 with Pharmaceutical technology – 18 seats, Pharmacology -18 seats and Pharmaceutical Analysis and Quality Assurance- 18 seats.

### About the Department

Pharmacology is the science which deals with effect of drugs. The main objective of pharmacology is to provide scientific data for choosing a drug treatment of proven efficacy and safety from the various options available. A wonderful arena for research oriented students is being provided by the well-equipped laboratories with CPCSEA approved animal house facility in our college. The Pharmacology department is engaged in imparting knowledge on various aspects of preclinical and clinical Pharmacology through proper media.

The department goal is to prepare students for productive and successful careers in pharmaceutical industry, academia, research and public sectors.

### About the Programme

This program is pivotal for educators to stay abreast of "Latest Trends in Experimental Pharmacology," equipping them with updated knowledge to train future pharmacologists. It offers insights into emerging techniques, enhancing research quality. Participants gain hands-on experience, fostering practical skills crucial for effective teaching. The program cultivates a network of professionals, encouraging collaborative growth in the field. Ultimately, it ensures educators play a leading role in shaping cutting-edge pharmacological research and education.

### Objective of the Programme

- The main objective of Sir C.R.Reddy College of Pharmaceutical Sciences in organising this One Week Faculty Development Program on "latest Trends in Experimental Pharmacology" was to impart knowledge about latest modes in pharmacology which enhances learning process and will be helpful in effective teaching both in theory and practical sessions.

### Topics

- Recent advances in Targeting Autophagy in Cancer
- 3D models of Neuro-Degeneration
- Ethical guidelines in Pre-Clinical Research
- Online learning for practical classes simulations and open source LMS
- Metastatic Colo-Rectal Cancer -Trends in Emerging Therapeutics
- Clinical pharmacology research and career perspective.

### Details of resource person:

Name : Mr K.Vinay Kumar.  
Designation : Assistant Professor  
Department : Pharmacology  
Institute : Sir C.R.Reddy College of Pharmaceutical Sciences  
Email ID : vinaykothapalli2008@gmail.com  
Contact Number : 8099199267

### Objective:

The main objective of Sir C.R.Reddy College of Pharmaceutical Sciences in organising this One Week Faculty Development Program on “Latest Trends in Experimental Pharmacology” was to impart knowledge about latest modes in pharmacology which enhances learning process and will helpful in effective teaching both in theory and practical sessions.

### Topics covered:

- Recent advances in Targeting Autophagy in Cancer
- 3D models of Neuro-Degeneration
- Ethical guidelines in Pre-Clinical Research
- Online learning for practical classes simulations and open source LMS
- Metastatic Colo-Rectal Cancer -Trends in Emerging Therapeutics
- Clinical pharmacology research and career perspective.

  
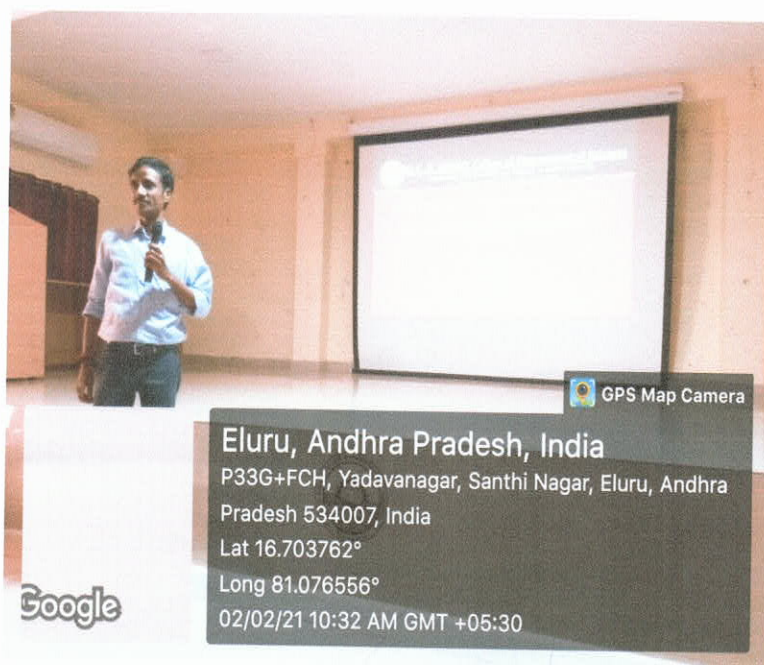

PRINCIPAL  
Sir C.R.Reddy College of  
Pharmaceutical Sciences  
ELURU-534007

**Programme outcomes:**

Sir C.R.Reddy College of Pharmaceutical Sciences has successfully organised a One Week Faculty Development Program on "Latest Trends in Pharmacology".

- This programme imparted knowledge about in silicon Neuro degenerative procedures and types.
- Imparted knowledge on autophagy and its significance in cancer.
- Created awareness on ethical issues related to pre-clinical screening methods.
- Gave an opportunity to improve skills in effective usage of software related to practical simulations.

**Number of participants: 39**

## CIRCULAR

This is to inform to all the non-teaching staff that Sir C.R.Reddy College of Pharmaceutical Sciences is conducting a one day Faculty Training Program "Safe Use of Chemicals Used in Pharmaceutical Chemistry and Analysis Laboratories" for non-teaching staff by E.Jajili, Assistant professor, Department of Pharmaceutical Chemistry, Sir C.R.Reddy College of Pharmaceutical Sciences on 06-01-2021 in the seminar hall of our college. This program aims to enhance awareness and knowledge regarding safe chemical handling practices in our laboratories. All non-teaching staff members are informed to attend the program.

**Programme co-ordinator:** K.Nagaraju,  
Assistant Professor,  
Department of Pharmaceutical Analysis.

## PROGRAMME REPORT

**Programme:** Faculty Training Program on “Safe Use of Chemicals Used in Pharmaceutical Chemistry and Analysis Laboratories” for non-teaching staff.

**Date:** 06-01-2021.

### **Details of Resource Person:**

Name : E.Jajili.  
Designation : Assistant Professor.  
Department : Pharmaceutical Chemistry.  
Institute : Sir C.R.Reddy College of Pharmaceutical Sciences.  
Email ID : [elurujaji.pharma@gmail.com](mailto:elurujaji.pharma@gmail.com).  
Contact Number : 9573698698.

### **Objectives:**

Sir C.R.Reddy College of Pharmaceutical Sciences organised one day faculty training Program on “Safe Use of Chemicals Used in Pharmaceutical Chemistry and Analysis Laboratories” for non-teaching staff. The main objective of this programme was to ensure compliance with safety regulations and promote a culture of safety within pharmaceutical chemistry and analysis laboratories through proper training and education for non-teaching staff.

### **Topics Covered:**

- Introduction to common chemicals used in pharmaceutical chemistry and analysis laboratories.
- Understanding chemical hazards and safety protocols, including proper handling, storage, and labelling of chemicals.
- Emergency response procedures in the event of chemical spills, leaks, or accidents.

### **Programme Outcomes:**

Sir C.R.Reddy College of Pharmaceutical Sciences has successfully organised one day faculty training Program on “Safe Use of Chemicals Used in Pharmaceutical Chemistry and Analysis Laboratories” for non-teaching staff. Outcomes attained with this programme are

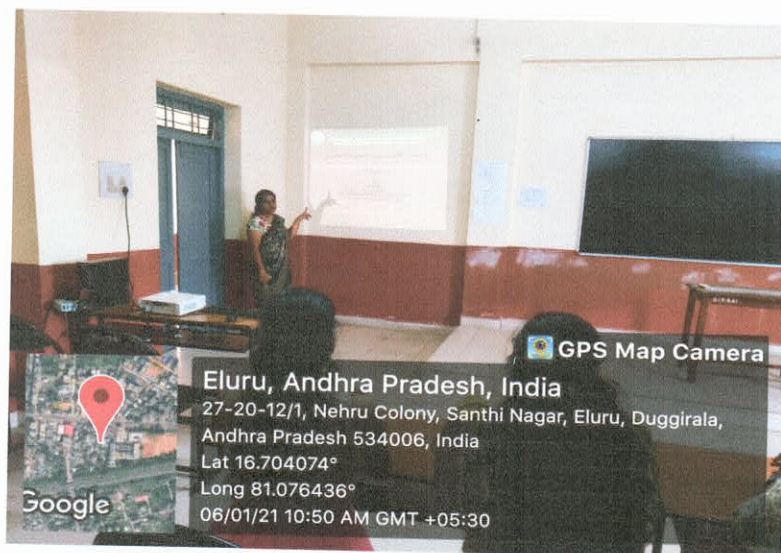

- Enhanced knowledge and understanding of the safe handling, storage, and disposal of chemicals used in pharmaceutical chemistry and analysis laboratories..
- Improved awareness of potential chemical hazards and the ability to identify and mitigate risks in the laboratory.
- Development of a safety-oriented mindset and the ability to recognize and respond effectively to emergencies or accidents involving chemicals.
- Promotion of a culture of safety within pharmaceutical chemistry and analysis laboratories, fostering a safe working environment for all staff members
- Reduction in the likelihood of workplace incidents, injuries, or chemical exposures
