Sir C R Reddy College of Pharmaceutical Sciences conducted a programme named "Placement Training: Common Questions asked in Interviews" on 18th April 2019 at college seminar hall for Third year B. Pharm and Pharm. D students. The seminar went on very well with interesting questions that might be asked in interview. Mrs Sujata aided students by making them better their answers. The way we answer it suggests what we are and so you have to practice to speak to and answer to questions repeatedly. Mrs. Sujata also explained the different types of interviews and the procedures to participate in the interviews. She made a clear point that your body language will make an impression. Students participated in this session actively and gave open feedback at the end of the session. The students have promised that they will attempt at least one interview in this year with confidence. 88 members have participated very actively in the programme. The College management and Dean of academics expressed gratitude to Mrs. Sujata for encouraging the students towards competitive exams.
