Students cleared all their doubts and filled a basic resume format that was shared to them online. Mrs. Zareena made students understand the impression they can create by making their own resume without using confusing templates. They were brought awareness that same resume cannot be used for all the jobs you apply and that each job requires a different resume designed accordingly. Students expressed keen interest in the learning processes. 72 students participated in the session. The College Management and Dean of academics expressed their gratitude to Mrs. Zareena for the successful presentation.
