The main motto of conducting this class is to let the students know the Do's and Don'ts while attending an Interview. She also made students understand an Interview is not a question and answer session but a conversation where we can exchange information with experts. There was an interesting mock interview conducted and students took part in it actively. While participating in this session they were taught various polite expressions and phrases in English to use while the students were speaking. 81 students have participated very actively in the programme. Feedback was taken from the students. The College management and Dean of academics expressed gratitude for helping out the students by making them confident enough to attend interviews.
