Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes. It reviews teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals and records the incremental improvement in various activities

Response:

In the pursuit of excellence and continuous improvement, SIR CRRCOPS has recognized the significance of implementing quality assurance strategies. The Internal Quality Assurance Cell (IQAC) in our institution was established in .03.2022 and plays a vital role in institutionalizing these strategies and processes within the college framework. The IQAC at our institution plays a significant role in conducting regular reviews of the teaching-learning process, operational methodologies and learning outcomes. Through its efforts, the IQAC contributes significantly to improve various activities ensuring the institution's overall growth and excellence.

The Duties and Roles of IQAC:

The responsibilities and functions of the IQAC in our institution are multifaceted, encompassing various aspects of quality assurance and institutional improvement. The key Duties and Roles of IQAC in our institution include:

- Quality Assurance Policy Formulation: IQAC develops and implements a comprehensive quality assurance policy tailored to the college's needs, emphasizing academic excellence, continuous improvement, and regulatory compliance.
- Planning and Coordination of Quality Assurance Activities: IQAC coordinates with departments and stakeholders for a systematic approach to enhance quality.
- Internal Audits: IQAC conducts internal audits to evaluate academic and administrative processes, identifying strengths and weaknesses for targeted improvements..
- Curriculum Development and Review: IQAC collaborates with departments to develop and review the curriculum, ensuring its relevance and alignment with industry requirements in pharmacy education.
- Monitoring Teaching-Learning Processes: IQAC reviews teaching-learning processes, assessing innovative techniques, teaching approaches, and technology integration to enhance learning.
- Student Assessment and Learning Outcomes: IQAC monitors assessments and learning outcomes to gauge program effectiveness, identifying areas for improvement and ensuring desired learning outcomes.

- Faculty Development Programs: IQAC organizes faculty development programs to enhance teaching, research, and professional skills.
- Feedback Mechanism: IQAC maintains a feedback mechanism involving students, faculty, and stakeholders, utilizing the input to improve the institution and promote transparency.
- Research Promotion: IQAC promotes research culture by supporting activities like workshops, conferences, and seminars within the college.
- Accreditation Preparation: IQAC prepares the college for accreditation by ensuring compliance with criteria and documentation.
- Quality Improvement Initiatives: IQAC identifies areas that require improvement and formulates action plans to address these challenges.
- Data Analysis and Reporting: IQAC collects, analyzes, and maintains data on quality indicators, providing stakeholders with informed decision-making reports.
- Collaborations and Networking: IQAC fosters collaborations with institutions, industries, and professional bodies to enhance college visibility and reputation.
- Grievance Redressal: IQAC addresses academic grievances, ensuring effective mechanisms for student and faculty concerns.
