About the Institute

Sir. C. R. Reddy College of pharmaceutical sciences was started to prepare graduates in pharmacy to meet their ever increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The objectives of the college are to establish and maintain an outstanding professional education Programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health to conduct outstanding research and service Programme to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines.

Sir.CRRCOPS runs the UG and PG courses like B.Pharm established in 2007, Pharm.D established in 2014 with 30 seats and M.Pharm in Pharmaceutical technology-18seats, Pharmacology-18 seats and Pharmaceutical analysis & quality assurance-18 seats.

About the Department

The Department of Pharmaceutical Analysis focuses on the development of analytical methods using novel combinations of time-tested methods and tools. The composition, stability, identity, and purity of excipients, raw materials, and active pharmaceutical components (API) are all the subject of this fundamental research. The department is actively involved in teaching and training post-graduate students in analytical sciences linked to qualitative and quantitative estimation of natural and synthetic chemicals in various matrices by application of spectroscopy, chromatography, and analytical methods

About the Programme

This specialized Program is aimed at leaders who seek to develop innovation and entrepreneurship projects for startups, corporations and family businesses. Through 4 courses, you will apply startup strategies and tools to innovate and generate value in your company and markets and the management of innovation techniques in corporate entrepreneurship strategies to develop and launch new products and services or for the strategic renewal of the organization.

Objective of the Programme

The main objectives of Sir C. R. Reddy College of Pharmaceutical Sciences in organizing this event is

1. To understand the concept of innovation.
2. To understand the concept of Entrepreneurial Development

Topics to be Covered

- 1 Students gained knowledge “positional leadership” “team leadership” Creating “fellowship”.
2. Focus of Startup Entrepreneur.
3. Powerful Transformative Technologies.

Sir C. R. Reddy College of Pharmaceutical Sciences, Eluru, organised a one day seminar on “**Innovation and Technological Entrepreneurship**” for IV B. Pharm students by the resource person E. Bala Krishna Manash. Totally 30 students participated in this program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. To understand the concept of innovation.
2. To understand the concept of Entrepreneurial Development.
3. To understand the main components of an innovation and innovation management and Entrepreneurship Development.
4. To understand the relationship between innovation and entrepreneurial development.
5. To understanding the theories of innovation and entrepreneurial development.

A One Day Seminar On

**Contemporary
Issues in IPR**

PRINCIPAL

**Sir C.R. Reddy College of
Pharmaceutical Sciences
Eluru - 534007**

About the Institute

Sir. C. R. Reddy College of pharmaceutical sciences was started to prepare graduates in pharmacy to meet their ever increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The objectives of the college are to establish and maintain an outstanding professional education Programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health to conduct outstanding research and service Programme to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines.

Sir.CRRCOPS runs the UG and PG courses like B.Pharm established in 2007, Pharm.D established in 2014 with 30 seats and M.Pharm in Pharmaceutical technology-18seats, Pharmacology-18 seats and Pharmaceutical analysis & quality assurance-18 seats.

About the Department

The Department of Pharmaceutical Analysis focuses on the development of analytical methods using novel combinations of time-tested methods and tools. The composition, stability, identity, and purity of excipients, raw materials, and active pharmaceutical components (API) are all the subject of this fundamental research. The department is actively involved in teaching and training post-graduate students in analytical sciences linked to qualitative and quantitative estimation of natural and synthetic chemicals in various matrices by application of spectroscopy, chromatography, and analytical methods.

About the Programme

The Seminar aims to examine and analyze the Contemporary Issues in Intellectual Property Rights of today's times. The seminar will explore both theoretical and practical aspects, using interactive exercises and discussions to offer participants practical insights into pressing issues, such as recent IP developments in India, the evolution of domestic IP laws to improve protection, the ongoing evolution of IP case law in India (especially in pharmaceutical cases), the necessary legislation to harmonize India's IP system with global standards, and current efforts to strengthen IP enforcement in India.

Objective of the Programme

The main objectives of Sir C. R. Reddy College of Pharmaceutical Sciences in organizing this event is

1. To overcome the lack of awareness and knowledge of IPR
2. To bridge lack of deep learning, machine learnings, self-learnings

Topics to be Covered

1. Contemporary issues are related to IP and solution towards it.
2. Potential ideas related to the betterment of IPR and their programmers.

A One Day Seminar On

**Translational Research On
Cancer Therapy**

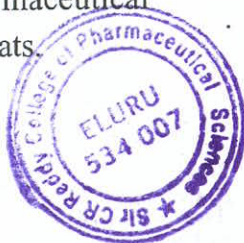

PRINCIPAL
Sir C.R.Reddy College of
Pharmaceutical Sciences
ELURU-534007

About the Institute

Sir. C. R. Reddy College of pharmaceutical sciences was started to prepare graduates in pharmacy to meet their ever increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The objectives of the college are to establish and maintain an outstanding professional education Programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health to conduct outstanding research and service Programme to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines.

Sir.CRRCOPS runs the UG and PG courses like B.Pharm established in 2007, Pharm.D established in 2014 with 30 seats and M.Pharm in Pharmaceutical technology-18seats, Pharmacology-18 seats and Pharmaceutical analysis & quality assurance-18 seats.

About the Department

The goal of the Department of Pharmaceutical Analysis is to concentrate on the creation of analytical techniques employing fresh pairings of tried-and-true techniques and instruments. It entails conducting fundamental research on the composition, stability, identity, and purity of excipients, starting materials, and active pharmaceutical components (API). The department is engaged in post-graduate student instruction and training in analytical sciences related to qualitative and quantitative estimate of natural and synthetic substances in various matrices by application of spectroscopy, chromatography, and analytical procedures.

About the Programme

- The course will give knowledge about Translational research and fundamentals of oncology
- Different types of oncology specialities

This session helps to give knowledge about Treatment approaches of cancer immunotherapy

PRINCIPAL
Sir C.R.Reddy College of
Pharmaceutical Sciences
ELURU-534 007

Objective of the Programme

The main objectives of Sir C. R. Reddy College of Pharmaceutical Sciences in organizing this event is

1. To know about the translational research bridges basic/ preclinical research with clinical research.
2. To learn about the new targets for biomarker research.
3. To impart knowledge on Innovative diagnostics and treatments of cancer.
4. To know about the primers on cancer research

Topics to be Covered

- Definition of Translational research
- Fundamentals of oncology
- Review on the methods of tumour characterization, principles of the oncology specialities.
- The current treatment paradigms for cancer in interventional oncology.
- Goals of cancer immunotherapy and their approaches.
- Primer on tumour immunology

Number of students attended: 33

Venue: Sir C. R. Reddy College of Pharmaceutical Sciences.

We, Sir C. R. Reddy College of Pharmaceutical Sciences, Eluru, have organised a one day seminar on “**TRANSLATIONAL RESEARCH ON CANCER THERAPY**” for IV/ IV B. Pharm students, V/ VI Pharm. D students by the resource person **Dr. A. Narendra Babu** on a primer of cancer therapy. Totally 33 students were participated in this program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. To know about the translational research bridges basic/ preclinical research with clinical research.
2. To learn about the new targets for biomarker research.
3. To impart knowledge on Innovative diagnostics and treatments of cancer.
4. To know about the primers on cancer research.

ELURU-534007

About the Institute

Sir. C. R. Reddy College of pharmaceutical sciences was started to prepare graduates in pharmacy to meet their ever increasing need in pharmaceutical industry, drug control, teaching and community pharmacy. The objectives of the college are to establish and maintain an outstanding professional education Programme, to teach the students to become effective pharmacy graduates to meet the needs of the profession, to preserve, augment and transit knowledge regarding drugs, drug products and health to conduct outstanding research and service Programme to keep pace with the widening knowledge base required for pharmacy graduates and to collaborate with industry and other health disciplines to produce quality medicines.

Sir.CRRCOPS runs the UG and PG courses like B.Pharm established in 2007, Pharm.D established in 2014 with 30 seats and M.Pharm in Pharmaceutical technology-18seats, Pharmacology-18 seats and Pharmaceutical analysis & quality assurance-18 seats.

About the Department

The Department of Pharmaceutical Analysis focuses on the development of analytical methods using novel combinations of time-tested methods and tools. The composition, stability, identity, and purity of excipients, raw materials, and active pharmaceutical components (API) are all the subject of this fundamental research. The department is actively involved in teaching and training post-graduate students in analytical sciences linked to qualitative and quantitative estimation of natural and synthetic chemicals in various matrices by application of spectroscopy, chromatography, and analytical methods.

About the Programme

Entrepreneurial culture has been an area of worth investigation in management research for many years since the growth in technology-based business ventures. In the context of businesses, entrepreneurial culture may be described as attitudes, values, skills, and power of a group or individual working in an organization that is characterized by risk. The prime purpose of this study is to examine the effect of openness to change and self-efficacy on entrepreneurial culture with the mediating role of creativity.

Objective of the Programme

The main objectives of Sir C. R. Reddy College of Pharmaceutical Sciences in organizing this event is

1. To know what is entrepreneurial culture.
2. To know the benefits of entrepreneurial culture.
3. To find the impact of self-efficacy on entrepreneurial culture

Topics to be Covered

1. To examine how self-efficacy affects entrepreneurial culture.
2. Factors affecting entrepreneurial culture.
